Re: COVID policy updates

I would like to recommend the following updates to our COVID policy effective February 15, 2022.

- Masks are recommended for all staff and students inside of buildings.
- Students and staff who test positive for COVID 19 must isolate for five days and wear a mask for five days upon return to school (individuals must be symptom free upon return)
- Parents will be notified of positive tests in a classroom but no quarantines will be issued from the school based on school contact as long as individuals remain symptom free
